3D NÁHLED CELEK

A 3D wireframe rendering of a modular shelving unit, labeled '3D NÁHLED CELEK'. The unit is composed of several rectangular frames of varying sizes, connected by a central horizontal rail. The frames are arranged in a way that suggests they can be moved or adjusted. The rendering is done in a simple line-art style, showing the internal structure and the way the components fit together. The unit is shown from a perspective view, highlighting its depth and the arrangement of the shelves.
